

Interim Rate Ordinance Emailed Public Comments

On July 12, 2011, Mason County hosted a public meeting at the North Mason School District Headquarters to present a project update on the Belfair Wastewater and Water Reclamation Facilities Project, including introduction of an interim sewer rate ordinance. A total of four comments were received via email after that meeting directly commenting on the ordinance.

What is happening to our town, we've only got a few struggling restaurants and I'm sure they will have to leave. And then the seniors who are on fixed incomes or those who provide the low income housing will have to "renig" on their lower cost housing.. this just isn't right! Please listen to the Belfair community.. Don't let this happen.. I believe we should have a lower unit number, and cost. For our seniors and handicapped community members. And a price matrixing for commercial.. The higher amount of water usage the lower cost per unit after a certain number of units. We do it with parts . Im sure the county seat does not need to lose the tax revenues from businesses here as well.. respectfully Jeff Baker , LOCAL WRENCH , belfair.

IF THE IDEA IS TO CLEAN-UP THE HOOD CANEL AND KEEP IT THAT WAY , THEN THE COUNTY COMMISSIONERS SHOULD CONSIDER USING ALL THE PROPERTY OWNERS ALONG EACH SIDE OF THE CANEL TO HELP PAY THE INITIAL COSTS OF THE SEWER SYSTEM. IF ALL THE PROPERTY OWNERS WERE TAXED , USING THE PROPERTY TAX SYSTEM, AND SPREAD-OUT OVER A TEN YEAR PERIOD, THEN EACH PROPERTY OWNERS SHARE WOULD BE A VERY SMALL AMOUNTEACH YEAR.

PLEASE FOREWARD THIS INFORMATION TO THE COUNTY COMMISSIONERS FOR THERE CONSIDERATION !!

Subject: Sewage phasing maps

Mason County Commissioners,
As Sec./Treas. for the Clifton Ridge Homeowners Assoc. I've followed the progress of the sewage system program very closely. For the past two years plus I've asked Emmett Dolby to correct his map showing the alignment of Phase I as it abuts to Phase IV. A casual review of the map continues to identify part of the homeowners assoc. properties as being in Phase I and the rest of the properties Phase IV. Emmett concurs that the map is in error but has not had it corrected to date. I'm asking, just to ease the minds of those homeowners involved, if the commissioners can get this error corrected.
Thank you for your efforts in this area.

G.W. Waggett
Sec./Treas. Clifton Ridge Homeowners Assoc.
